

## ACMP Home Coaching Program Application Form

The purpose of the ACMP Home Coaching program is to encourage amateur musicians who meet regularly as a group to engage a professional coach, with the expectation that the experience will lead to more rewarding ensemble playing. ACMP Foundation will provide a grant to match up to 50% (not to exceed \$100 per session) of the coach's fee for up to three coaching sessions, the balance to be paid by participants.

ACMP Foundation will make its share of the payment directly to the coach on receipt of an invoice. The Foundation will also provide evaluation forms for each participant, to be returned independently to the ACMP office. Completion of the form – critical in assessing the value of the program – will be expected of all participants.

*PLEASE NOTE: Submission of this form does not guarantee approval. While the program is intended for members, non-members may participate for one grant only. At least one person must be an ACMP member and this person should complete and mail the form below AT LEAST ONE MONTH IN ADVANCE of the first session. An approval form will be sent in acknowledgement.*
