This information is posted by workshop presenters. Please contact the presenters directly for more information. We advise all workshop attendees to check details carefully before attending any workshops.

### To find a workshop:

This database is for ACMP members. If you are not a member, you can obtain information about joining ACMP [here](#). If you wish to post a workshop and you are not a member, please contact ACMP at [admin@acmp.net](mailto:admin@acmp.net).

Once you are a member, log into the website.

Go to "connect" in the center of your screen and click on "Find Workshops."

Fill out the form with the details of the workshop you are seeking – the location, dates, name if you have a name, and location if you have one. It can be helpful to include an early start-date in the first box to make sure to capture a range of workshops. When done, click on "search for workshops."
